PRINCIPAL'S MESSAGE

Dear students, faculty, and staff members, we have just witnessed one of our best years in terms of progress. This school year was born with many innovations that at first seemed strange and unaccustomed to us. We found ourselves being called a "MAGNET SCHOOL" and to many this had no viable significance. To the faculty members the only thought was of an horrendous task in developing such a change in one school year - However, we can all safely say that this has been a successful school year, filled with many activities, victories and cultural exposure for our student body.

Due to the many changes we have not grown apart, but have come closer together in every respect. All of our successes that we enjoy must be attributed to a good faculty and a good student body - to you I must say thanks.

To the class of 1976 that started with us four (4) years ago that we saw grow into fine young men and young ladies I would like to say "Bon Voyage" and "Aloha" to the students that will be with us for the next four (4) years.

Sincerely,

Samuel McKay
Principal

SOPHOMORES

Every part of nature teaches that the passing away of one life is the making room for another. The oak dies down to the ground, leaving within its rind a rich virgin mould, which will impart a vigorous life to an infant forest.

SPONSOR'S NOTE

The 1976 Bicentennial issue of the "Warhorse" Yearbook is the product of the Journalism I class and other interested students. The Yearbook and Newspaper staff have worked together closely in order to interrelate their experiences in the area of publications and communications. The Yearbook staff has taken the initiative of making important decisions and has become acquainted with the basic skills of modern layouts, writing copy and photography, along with the planning of the sales of the Yearbook. The newspaper staff has experienced theoretical, as well as, practical instruction in mass communications, techniques and skills. Students have had the responsibility of gathering, disseminating news, ideas and information of a timely nature, thereby serving the communication needs of Peabody Magnet School. As sponsor of both the Yearbook and Newspaper, I would like to take this opportunity to thank the students for their cooperation throughout the year and the administration and faculty for their assistance in making this Bicentennial issue of the "Warhorse" a most memorable one.

Editor's Message

We, the editor and staff of the 1976 Charger Staff, have one thing in mind, to show you that Peabody is Still Growing and on the move. Its big step was to become Peabody Magnet. Being a working Magnet School proves that we are still Growing. We are not trying to say it was an easy task but it did pay-off.

Cynthia Denise Washington

To Mr. Hayes,
I hope you really enjoy
your fourth floor
apartment. I hope we haven't
caused too many headaches.
Good luck for you and yours on the
future.
Love Always,
Christina Wougar
